The Tatra Plant in Prague¹ is presently working on the priority construction of mobile plant generator trains for the USSR. There are four cars in each train; the turbine occupies the first car. The trains are to be used in an emergency situation in the event of a power breakdown in strategic factories; water is the only raw material needed to operate them.

Comment: Presumably Vagonka Tatra Smichov National Enterprise,
Plzenska 6, Prague-Smichov.
